

Crowdhelix is The Leading Network for International
Collaboration, Open Innovation and Impact

Crowdhelix Introduction | Changing the Game in Enabling Trusted Collaborative Partnerships

Collaboration Intelligence

Crowdhelix is an Open Innovation platform that forges links between an international network of excellent researchers and innovating companies, so that they can plan, deliver, and exploit pioneering collaborative projects and value chains

Founded in 2012 **by Research & Innovation Managers**, Crowdhelix has now spent over 12 years helping Universities, RTOs and Businesses to connect with trusted collaborators. This is our **quality over quantity approach to open collaboration** for the Global Research and Innovation ecosystem

Crowdhelix Mission and Vision

MISSION

We aspire to help change the world for the better, for future generations, connecting great people and accelerating societal impact

FUTURE FUNDING OPPORTUNITIES

We aim to open funding opportunities internationally to global funding agencies, and ultimately pull funding opportunities through to our Helix communities

MATCH-MAKING AND CLUSTERING

We aim to match-make and build clusters on a global scale - we have recently seen an increase in new members at Crowdhelix from Africa, Asia and New Zealand

SHOWCASING INNOVATIONS

We aim to use our network and technology to profile and connect innovations to global end-users - accelerating impact

Global collaboration intelligence platform supercharges research across 50+ thematic Helix Communities

We provide **Rapid digital connections** powerful links between international networks of top-level researchers and state-of-the-art innovators.

We are **Powered** by proprietary machine learning

We understand **Competitive** research and breakthrough innovations are moving beyond single organisations' capabilities

We provide a **Global network** - members plan, deliver and exploit pioneering collaborative projects and value chains in specific sectors

We deliver real and lasting **Collaboration** leveraged by global communities
